

Dear Click/Hear respondent,

We appreciate you sharing with us your experience and insights. It supports and sustains our mission to fight hunger in the city.

Our recent survey discovered that many food bank clients do not have funding to access dental care.

Below, we provide information about free and low-cost dental services in the city.

In General, dental expenses are not covered by the OHIP. However, there are programs that cover some dental costs for certain groups.

The 4 Ontario government-funded dental care programs are:

1. (OSDCP): Ontario Seniors Dental Care Program: free dental care for seniors in Ontario
2. (HSO): Healthy Smiles Ontario: free dental care for kids
3. (ODSP): Ontario Disability Support Program: free dental care for adults that are disabled
4. (OW): Ontario Works: free dental care for low-income adults

This is the list of free dental clinics of the City of Toronto. You will need to call first to make an appointment.
